BOLLARD 90MM IN-GROUND HEAVY DUTY

- Manufactured from extra heavy duty 5mm Steel Pipe
- Hot Dipped Galvanised Steel for rust prevention
- Withstands from heavy cars, trucks, and forklifts
- Designed in Australia for Australian Conditions
- Removable Strong Metal Bollard Dome Cap
- Installation Service is available

Our heavy duty bollard range is different with its strength, as it is made of 5mm thick post, other than the other bollards that are only 3mm or 4mm, this bollard is extra-long as well, 1600mm long in total which is 400mm in ground plus 1200mm above ground or you can put them 1300mm above ground than you can use them for disabled parking as well. It is hot dipped galvanised steel for rust prevention, finished powder coated in safety yellow with class 1 red reflective band. Suited to use in concrete or asphalt to withstand from cars, trucks, and forklifts. For all shop fronts, gas meters, warehouses, car parks, driveways, even machinery.

Strong & Durable
