Finish: Red and white heavy-duty polyethylene

RED/WHITE BARRIER TAPE 100MX75MM

- Made from tough polyethylene
- High visible red/white

The Red/White Barrier Tape from Enforcer Group is made from heavy-duty polyethylene, 100 meters long and 75mm wide. It offers unmatched resilience and longevity. This tape is not just a visual warning tool. It's an essential safety supply.

It comes in boxes of 20 rolls. They ensure you're well-stocked for any situation. This underlines its role as a vital asset protection tool.

The tape is red and white. It can meet the needs of many sectors. These sectors include construction, government, business, universities, and airports. It's used for marking construction zones and managing public events. It also bolsters safety in busy facilities. This barrier tape is invaluable for professionals who maintain order and safety.
