RUMBLE BAR PLASTIC - YELLOW

- Manufactured from plastic
- Designed to be strong and durable
- 20Ton Weight Capacity
- Light weight easy to install
- Fixing Bolts Included (Concrete or Asphalt)
- Installation Service is available

Enforcer Rumble Bar is manufactured from durable plastic with 10mm glass reflective beads. Rumble Bars are surface mounted units designed to provide a visual and audible warning to motorists.

With a 20Ton weight capacity these low maintenance rumble bars are easy to install into concrete or asphalt.

Suitable for median strips, edge markings, centre lines and traffic island warning.

Strong & Durable
