ENFORCER GROUP GUIDE RAIL - 1200 LONG

- Powder coated yellow finish provides excellent visibility
- Protects against collisions, impacts
- Installation service is available

Enhance safety and protect your workspace with the Enforcer Group Floor Mounted Guide Rail in a striking powder-coated yellow finish.

The floor-mounted design simplifies installation, allowing you to create a secure and reliable barrier quickly.

Protects against collisions, impacts, and potential accidents, minimising the risk of damage and injury.

This sturdy guide rail is designed to keep heavy moving equipment traffic at a safe distance from warehouse racking, shelving, walls, storage areas, offices, and other work zones.
