RUBBER KERB RAMP

- Manufactured from heavy duty solid rubber
- Can be used for temporary or permanent solution
- Withstands from heavy cars, trucks, and forklifts
- Can be used individually or joint together to form a longer ramp
- Reflective diamond tread for hi visibility and to provide non-slip surface
- Two mounting holes and cable access

Enforcer kerb ramp is environmentally friendly manufactured from recycled black rubber. These kerb ramps are designed to provide easy access to drive over roadside kerbs or steps, for vehicles, bicycles, trolleys, and lawn equipment. It can be used for temporary or permanent solutions, two mounting holes at the front of the ramp allow it to be permanently mounted. Easy to store or transport, you can just keep it in your van or truck for when it's needed, they can be used individually or joint together to form a longer ramp, designed to be strong and durable. Suited to use for construction sites, distribution centres, parks, or all other areas where access is needed over changes in ground levels.
