ROPE BARRIER BOLLARD POST - GOLD

- Made of high-quality steel for durability and longevity
- Luxurious gold color adds a stylish touch to any space
- Rope allows for easy configuration to fit the layout of the area
- Easy to install and maintain
- Controls access to restricted areas
- Essential for facilities that require controlled access

The Rope Barrier Bollard Post-Gold is a stylish and effective solution for directing crowds and controlling access to restricted areas.

This bollard post is made of high-quality steel, providing a sturdy and durable barrier to pedestrians.

The bollard post is finished in a luxurious gold color, making it a visually striking addition to any space.

The bollard post is equipped with a re-attachable rope, allowing it to be easily configured to fit the layout of the area.
