TACTILE INDICATORS - 316 STAINLESS STEEL SILVER 300MM x 300MM

- Integrated tactiles on a single plate combine a premium finish with significant slip resistance
- Ideal for fixing either indoor or outdoor
- Only requires 30% luminance contrast
- Beveled edges to reduce trip hazards
- Fast installation, Zero downtime, install and walk on immediately

The Enforcer tactile indicators are made of stainless steel, 300x300 plate. The plate has 36 tactile indicators that are moulded into the plate.

This tactile plate passes anti-slip rating requirements and is compliance to Australian standard AS/NZS 1428.4:2009, which ensures it provides exceptional slip resistance. It can be mounted on most surfaces so installation is not complicated.

The plate is a great option for any location where safety and style are necessity because it is not only practical and effective but also has an aesthetic feature.

Strong & Durable

Australian Standards Approved

Easy Installation
